FEEL FINE! DON'T BE SICK, BILIOUS OR CONSTIPATED

Enjoy life! Stop the headaches, colds, bad breath, sour stomach.

10-cent "Cascarets" is best cathartic for men, women, children.

Cascarets are a treat! They live your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two Cascarets like candy before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right, and cold gone and you feel grand.

Get a 10 or 25-cent box at any drug store and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Stop sick headaches, bilious spells, indigestion, furred tongue, offensive breath and constipation. Mothers should give cross, peevish, feverish, bilious children a whole Cascaret any time. They are harmless and never gripe or sicken.—Adv.

How Some Get Fooled At Toilet Paper "Sales"

They see a big, flaring announcement of eight or ten rolls of toilet paper offered for a quarter. Did you ever ask yourself how much real paper there is in these rolls?

We know the rolls look big, but that's because they are loosely wound or the paper is coarse and thick and very little paper takes up lots of room. Ask your dealer if the wrapper guarantees how much paper there is in that roll, for

HOME GYMNASIUM FOR WOMEN

To Preserve Health, Strength and Figure

BY PAULINE FURLONG

NO. 38—CARE OF THE COMPLEXION.

A lovely complexion is nature's greatest gift, and without a clear, healthy skin, free from blemishes, sallowness and lines, no face will appear beautiful, no matter how perfect its contour.

To keep the complexion in good condition, it must have careful attention at least once each day (or night preferably). This does not necessarily mean continual applications of soap and water, for, indeed, these, if not used with great discretion, will probably do more harm than good.

Various complexions need individual and widely different treatments, for what is highly beneficial to one may be almost ruinous to another. It is, therefore, your duty to study your own countenance, treat yourself with intelligence and not be guided by some friend or beauty doctor to try other preparations "just as good" as the ones which have proved most satisfactory to you.

Of course, more improvement in the complexion will be derived from careful living, simple and wholesome foods, plenty of rest, fresh outdoor exercise and copious water drinking than any local application, and without these no face can really reflect health, which is the very foundation of beauty, as there can be no beauty without it.

First of all, then, it is absolutely necessary for you to attain the highest possible degree of vitality and health, which is the only means of giving to the body the rapid circulation of the blood so necessary to the clear, healthy complexion.

Every woman owes it to herself and to the world to keep herself attractive, as it is the all-important question in this busy world-to-day. It is no longer considered a matter of vanity to seek beauty, but a question of perfect health, which appeals beauty. The complexion responds to intelligent external treatments to a surprising degree, providing, of course, the internal organs are kept clean and in good working order, and any woman may keep her face free from disfiguring wrinkles, blackheads, pimples and all blemishes with only a few minutes' treatment each night.

Letters From Evening World Readers Following Miss Furlong's Lessons.

MISS SADIE S. writes—"I have read your articles with interest and seem to have missed the only one I am really interested in. Will I be asking too much of you to repeat the internal bust developer?"

It is never too much trouble to repeat any article when space permits. I am giving you the formula you desire. It is a reliable developer and also a general tonic. Take two spoonfuls before meals, three times a day: Fluid extract Goatsrue, 10 grams; Lactophosphate of Lime, 10 grams; Tincture of Fennel, 10 grams; simple syrup (enough to make twelve ounces).

MISS R. H. W. (Kinsman, Ohio) writes—"I have been reading your articles on health and beauty with great interest and wish to put my case before you. I am forty years old and am five feet ten inches tall and weigh two hundred and two pounds. I would like to reduce twenty-five pounds or more and all below the waist line, especially the hips and thighs. I suffer with varicose veins and am obliged to wear a rubber stocking all the time. Please tell me what exercises to take and the diet they were printed; also the price of same."

It will be a very easy matter for you to reduce twenty-five pounds. You should weigh about one hundred and seventy-five pounds. Practice the rolling, body-lying and bending, liver squeeze, leg circling and trunk raising exercises for reducing the body below the waist line. Also follow the

FINLAND ON SPECIAL TRIP.

Takes Philadelphia's Place in European Service.

W. K. Vanderbilt and Mrs. Vanderbilt sailed for London at noon yesterday on the steamship Finland, which flies the American flag and is making a special voyage for the American Line because of the Philadelphia being laid up here for repairs.

Alexander Kirk, Secretary of the American Embassy in Berlin, who arrived here a week ago with documents from Ambassador Gerard for the State Department, returned. There were forty Americans among the 525 passengers. The Finland carried no war munitions.

Capt. Henry Candy, first officer of the Philadelphia, sailed in command, it being the first passenger ship he has taken out of here as master. The Finland, formerly of the Red Star Line, had been running in the Pacific service between here and San Francisco through the Panama Canal.

TWO MEN ARRESTED AFTER SALOON HOLDUP

Four Men Who Shot and Robbed

Aaron Didn't Even Wear

Masks, He Says.

Max Aaron was counting up the back room of his saloon at No. 12 Broadway Street about midnight when four men came in through the street door. The two in the lead pointed revolvers at him, and yelled, "Throw up your hands."

Four men lounging in chairs were backed up against the wall by the robbers, who wore no masks, and ordered to empty their pockets. From Aaron the thieves took a \$5 gold watch and from the cash register about \$60. The four loungers didn't have a penny.

Aaron, trying to get to a telephone, smashed a glass panel and cut his right hand, and one of the holdup men fired four shots at him, once striking his pate.

Later two men who said they were Joseph Catalano, twenty, of No. 418 East Eighteenth Street, and Caesar Frumkin, twenty-four, No. 44 East Twenty-third Street, were arrested. Each carried a loaded revolver. Aaron identified them as two of the holdup men, according to the police.
